BBC Baby Belt Convertible

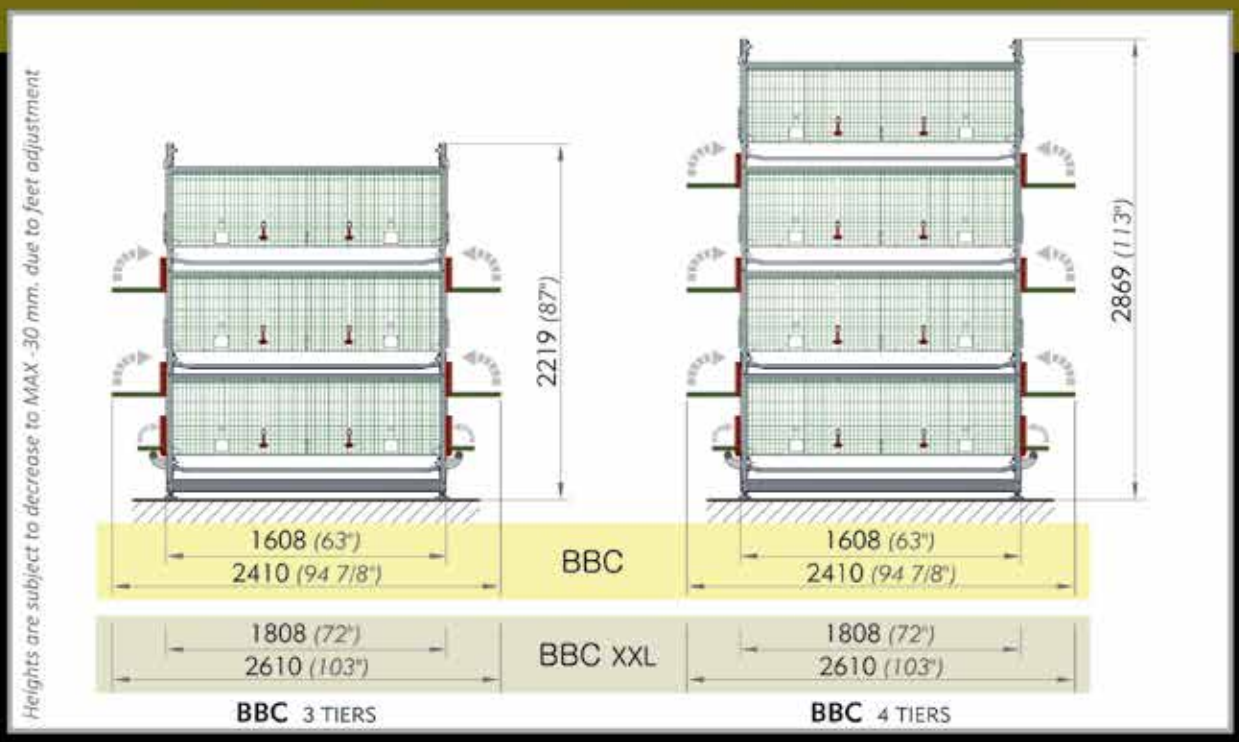
TECHNICAL DATA



EQUIPMENT THAT FITS YOUR NEEDS

MAIN FEATURES:

- Length of each module 2004 mm *(78 7/8")* *(support frames every 1002 mm - 39 7/16")*
- Dimensions of each cage when closed: 1000 x 800 mm *(39 3/8" x 31 1/2")*
- All drinking lines adjustable in height
- Feeding supply system by flat chain inside the cages.
- Swing doors for an easy opening of the cages.
- Folding front grid for converting the cages into Aviary system.
- Wire mesh ramps into feed trough on each cage partition avoid birds trap when flat chain run. A continuous perch above the feed trough, minimizes feed spillage and prevents the pullets entering the feed trough. Height adjustment of the perch is available on request.
- Available with or without PVC air duct under the cage floors with no increase of the overall width
- Available also in double decker configuration.
- Dimmable LED tube lights inside
