

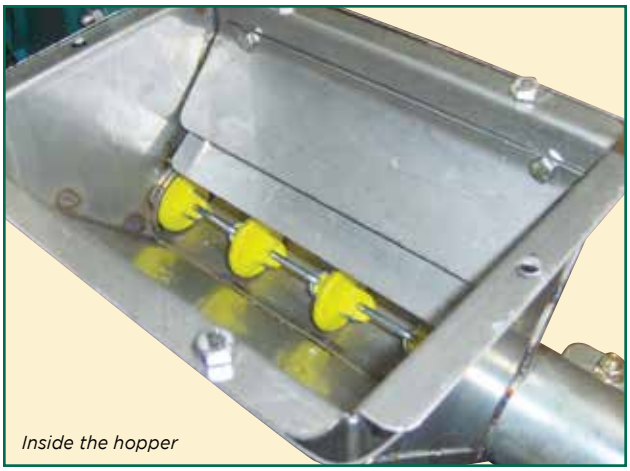
# Maximize Your Hog Production

The **Chain Disk Feed System** from VAL-CO meets the needs of today's complex multi-ration feeding programs.



*Inside the hopper*

** - Clear Self-cleaning Corner Protected under U.S. Patent No. 11,008,172 B2*

- Maximize feed intake with multiple feedings throughout the day
- Eliminate animal stress and the labor of hand feeding
- Volumetric drop feeders available for farrowing and gestation
- Patented clear self-cleaning corners*, works horizontally & vertically, agitates and loosens feed, while the brush sweeps it back to the chain disk
