

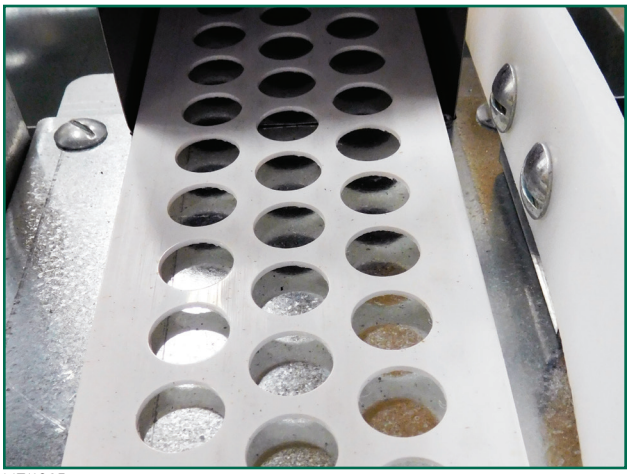
Get Lots of Clean Eggs

The **VAL-CO® Mechanical Nest Systems** handle breeder eggs gently and cleanly – and make gathering a fast and easy job!



- Multiple nest hole sizes available – 9 1/2" and 12" *(The 19" Comfort Nest™also available)*
- Hinged close out lids can be run automatically to control hen access
- The wide poly belt helps provide cleaner eggs with less contamination.
- Egg collection tables have heavy steel construction, with cast iron bearings, large utility shelf and a standard light fixture
