

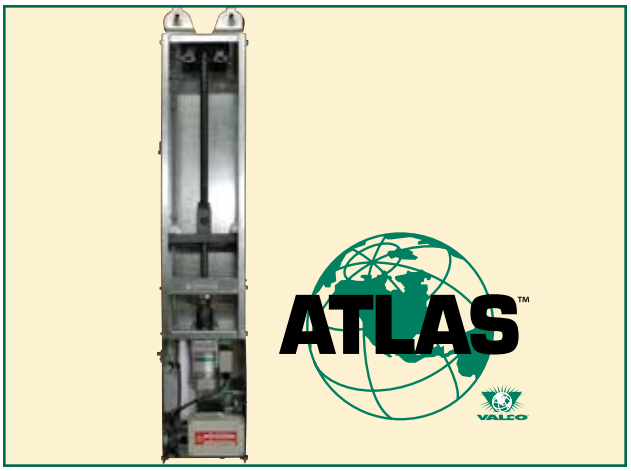
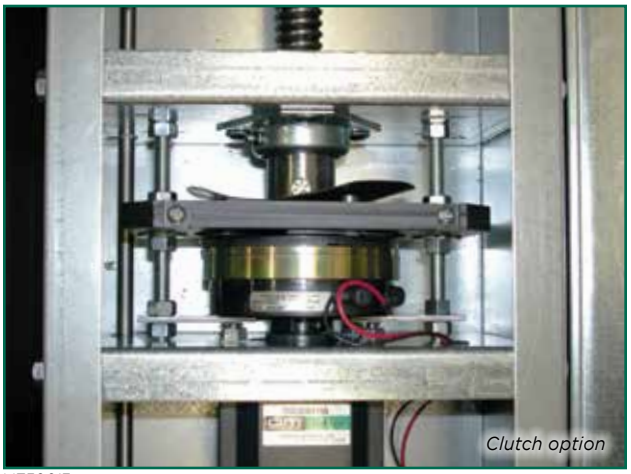
The Best For Harsh Conditions

ATLAS Curtain Machines, featuring an enclosed board and weather-resistant micro switches, are the most durable performers in the business and will provide you with smooth and quiet operation for years.





Clutch option

- The weather-resistant ATLAS Ball-screw and Acme-screw models are available in 24”, 36”, 48” & 72”.
- Up to 4,000 lb. (1.800 kg.) capacity (see right).
- Backup kill switch that cuts power to the motor to prevent over-travel damage
- Clutch to open curtains on power failure (Ball-screw only)
