

# Keep Your Air Moving.

## Eco-Air – Cost-effective Stir Fans from VAL-CO®

The VAL-CO Eco-Air Fan line helps provide maximum air circulation while using minimal power, which reduces stratification and helps promote uniform air temperatures.

### VAL-CO Eco-Air Fan Features:

- Wide wire guard spacing to reduce build up and allows for easy cleaning for efficient operation
- Versatile mounting bracket allows you to swivel and tilt the fan to easily change the angle and direction of the air movement
- Totally enclosed, maintenance-free, high-efficiency direct drive motors have sealed ball bearings
- 6' cord with a 3-prong plug makes it ready to plug in and go

Model	Size	Blade	HZ	PH	Voltage	Airflow (Thrust CFM)	CFM/Watt	Speeds	BESS #
918460	18"	Powder Coated Aluminum	60	1	120	1650	18.3	3	c25009
920460	20"	Powder Coated Aluminum	60	1	120	2080	19.8	3	c25010
920470	20"	Powder Coated Aluminum	60	1	120	2830	12.1	3	c25012
924460	24"	Powder Coated Aluminum	60	1	120	2700	20.0	3	c25011
936460	36"	Powder Coated Aluminum	60	1	120	6990	21.8	2	c25014

NOTE: OSHA requires the 18", 20", and 24" fan to be mounted at least 7' above the floor. The 36" fan meets OSHA requirements below 7'.
