

Energy-Saving Natural Ventilation Provides Consistency and Precise Control.

Natural Flow Chimneys can be used throughout a wide variety of building designs, geographical locations and installation methods.

The VAL-CO® Family

- Watering Systems
- Feed Bins, Fill Systems
 - Feeders
- Brooders & Heaters
- Evaporative Cooling
- Fans & Other Ventilation
- Whole House Controllers™
 - Cremators
 - Alarms
- and much more...

Benefits:

- Energy savings
- Outer skin constructed of painted aluminum for extra durability against the elements
- Easy installation
- Fully insulated chimney shaft and damper prevent condensation and help regulate house temperature
- Top and bottom caps provide structural integrity
- Construction is self squaring
- 7/8" insulated, mechanically adjusted damper precisely controls the amount of airflow required with included pulleys and cords

Performance You Can Count On

The Natural Flo Chimney Damper gives you precise control over exhaust.

Aluminum corner brackets provide strength
