

NEW PRODUCT RELEASE

VAL-CO Introduces the Poly Short Cone - Now in Black or White!

Poly short cone for 54" Fiberglass Fans

VAL-CO has recently introduced a poly short cone for use on 54" Fiberglass Fans. Available in white or black (standard with Sable fans).

Features & Benefits:

- Black exterior reduces light exposure in the barn.
- Flanged lip allows easy install of bonnet or cone cover.
- Reduces the possibility of fan damage in areas of heavy snow fall.

Designed for simple installation, the one piece molded cone uses less hardware and can be attached to fan housing before installation through the wall.

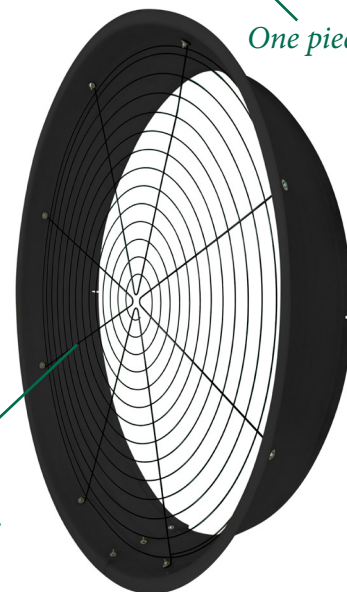

Short cones are ideal for northern areas where heavy snow fall is a frequent problem.

PN 954213W for white; 954213B for black.

Happy Selling!
Sean Francey, General Manager

One piece molded cone.

Black cones reduce amount of light reflected into the barn.
