## VAL-CO Updates Rooster Pan Grill Spacing for Improved Animal Welfare

Fewer spokes improves access to feed!

### Rooster Feeder Grills

VAL-CO has recently increased the Rooster Pan Feeder grill spacing. The new grill now has 7 wires (reduced from 12) with a wire diameter of .179”.

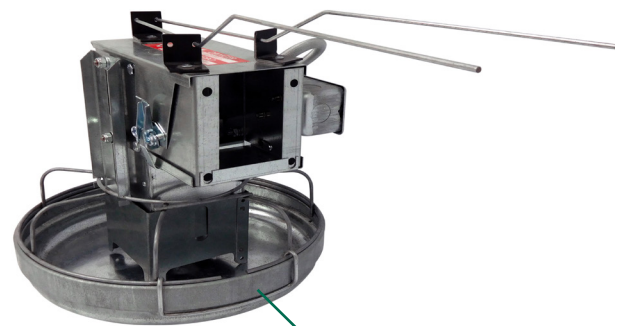

#### Features & Benefits:

- Fewer spokes improves access to feed.
- Heavier gauge wires make the pan more rugged.

Grill clips have also been updated.

PN 450950 for End Control Pan; 450957 for Mid-line Control Pan.

Happy Selling!  
Sean Francey, General Manager

*Fewer spokes for better access.*

*Updated clip for simple maintenance.*
