

# NEW PRODUCT RELEASE

## VAL-CO Releases Safeguard® Animal Traps for Sale Through North American Dealerships!

**Safeguard Live Animal Traps are great for pest control and biosecurity on any farm!**

Safeguard Live Animal Traps are made of Galfan™ wire which has three time the corrosion resistance of standard galvanized wire. These traps last longer, even in harsh conditions.

Professional grade catch and release models have a heavy duty bait tray with travel stops. This keeps the bait secure and prevents damage to the cage by trapped animals.

### Catch animals of all sizes!

- Pigeons & Sparrows
- Mice & Rodents
- Squirrels & Chipmunks
- Groundhogs & Skunks
- Cats & Opossums
- Dogs & Coyotes

All traps are made in the USA and include a 1-year warranty on manufacturer defects!

Please refer to the VAL-CO catalog for part numbers, pricing, and ordering.

Best Regards,  
Sean Francey, General Manager
